

Trinity One Machine is Multi -purpose

- The cleaning effect is better, safer, maintenance-free, easy to install, operate and automate
- The weld bead of fiber laser welding is more smoother and beautiful 2-10 times
- Smaller footprint, more flexible and efficient, more savings for small workpiece cutting.

⚙️ Welding, cleaning, cutting hand -holding holding continuous all -in -one

Model	FLW- T -1000	FLW- T -1500	FLW- T -2000
Laser Power (W)	1000 Bt	1500 Bt	2000 Bt
Working Voltage	Single-phase 220V 50HZ	Single-phase 220V 50HZ	Single-phase 220V 50HZ
Fiber Cable Length	Standard 10 Meters		
Cooling Method	Water Cooling		
Cleaning Scan width (mm)	80 MM		
Auxiliary Gas And Pressure	N2/Ar/air, P≥0.4Mpa		
Power Adjustable Range	1%-100%		
Head Weight	900g		
Machine Dimension (L*W*H)(mm)	MARS8000 : L 580×W 310×H 460		
Total Weight	Machine:100KG Wire-feeder: 17.5KG	Machine: 103KG Wire-feeder: 17.5KG	Machine: 116KG Wire-feeder: 17.5KG

Laser Welding Machine

- Welding Without Deformation, Beautiful Welding Seam
- Precision Welding Strictly Fit
- Fast, Efficient, Time-Saving And Labor-Saving
- High Density, Low Cost, Easy Operation

Precision Welding Strictly Fit ⚙️

Model	FLW -1000/1500/2000w
Laser Power	6.2/7.7/10kw
Weight	117/120/133kg
Total Power	8.2kw
Electricity Supply	Simplex220V 50Hz
Dimensions	1090mm*580mm*1320mm
